"The Greenfield Education and Training Center was a perfect fit for our day-long program. The facility offers a lot of versatility for conference and breakout sessions, and also a great mountain view! The staff at Greenfield went out of their way to work with us on space, equipment and demonstration; they

"We were very pleased with our training events held at The Greenfield Center. The outdoor fountain area with the

gorgeous Botetourt view was so accessible and made the classroom lecture time much more enjoyable. The staff was extremely supportive for all of our needs. The dining area ... for our catered lunch was wonderful and provided a great time-saver to our program."

"We are a busy highway construction company with very limited opportunities to meet our employees for training and special presentations. The pleasant classroom spaces, the up-to-date equipment, and the extremely supportive staff at the Greenfield Center allow us to make the most effective use of our limited time."
